MADE IN GERMANY

B4 OE REPLACEMENT

The ideal choice for the driver looking to restore original performance and handling.

- > High quality OEM components and construction
- > OEM valving for exceptional ride quality
- > Restores original safety and handling characteristics
- > Proven gas pressure technology for consistent damping under load

See video:

DAMPERS

B6 / B8 SERIES

Featuring BILSTEIN's advanced inverted monotube technology, the B6 / B8 damper series is the best stand-alone suspension upgrade for those seeking ultimate performance, comfort, and vehicle handling.

- > Monotube technology with performance valving
- > B6 - designed for use with original equipment springs
- > B8 - designed for use with aftermarket lowering springs
- > Tested and tuned on the Nürburgring

See video:

B12 PRO-KIT / SPORTLINE

Pairing four high-performance B8 dampers with a set of Eibach lowering springs, the B12 kit provides the best handling and comfort from a fixed-height spring and damper combination system.

- > Monotube technology with performance valving
- > B12 Pro-Kit - offers up to 40mm of lowering
- > B12 Sportline - offers 40mm to 60mm of lowering
- > Tested and tuned on the Nürburgring

Learn More:

COILOVERS

B14 / B16 SERIES

The B14 Series offers ride-height adjustability while the B16 adds damping adjustability to provide fine tuning for the ultimate handling performance.

- > Monotube technology with performance valving
- > B16 (PSS9/10) - features 9 or 10 stage manual damping adjustment
- > Triple-C-Technology® coating
- > Tested and tuned on the Nürburgring

BILSTEIN®

PORSCHE

From dominating Le Mans to creating innovative suspension technologies, BILSTEIN and Porsche are defined by a history of successful collaboration. Leveraging our close ties with Porsche as an OEM supplier, BILSTEIN offers a suspension solution for every Porsche owner's needs. Restore the OE ride quality with our OE replacement dampers or improve handling performance with our Nürburgring tuned monotube dampers and coilover kits.

DIRECT FIT

TÜV CERTIFIED

MADE IN GERMANY

B4 OE REPLACEMENT

The ideal choice for the driver looking to restore original performance and handling.

- > OE matched design and valving
- > OE quality construction for safety and durability
- > Available for PASM equipped vehicles - DampTronic®

DAMPERS

See video:

B6/B8 SERIES

Featuring BILSTEIN's advanced inverted monotube technology, the B6/B8 damper series is the best stand-alone suspension upgrade for those seeking ultimate performance, comfort, and vehicle handling for classic or modern Porsches.

- > Monotube technology with performance valving
- > B6 - designed for use with original equipment springs
- > B8 - designed for use with after-market lowering springs
- > Available for PASM equipped vehicles - DampTronic®
- > Tested and tuned on the Nürburgring

See video:

B16 SERIES

Offering ride-height and damping adjustability (9/10 stage manual or electronic) the B16 coilover kits provide fine tuning of Porsche suspensions for ultimate handling performance.

- > Monotube technology with performance valving
- > B16 (PSS9/10) - features 9 or 10 stage manual damping adjustment
- > Available for PASM equipped vehicles - DampTronic®
- > Triple-C-Technology® coating
- > Tested and tuned on the Nürburgring

COILOVERS

See video:

BILSTEIN CLUBSPORT®

The BILSTEIN Clubsport® is our most advanced coilover kit featuring ride-height adjustability and an independent 2-way damping system derived from motorsports.

- > Monotube technology with performance valving
- > Independent rebound and compression adjustments enable 100 setting variations
- > Monoball mounting plates for camber adjustment, where applicable
- > Application specific tuned spring and damper
- > Triple-C-Technology® coating
- > Tested and tuned on the Nürburgring
