

BOSCH Wiper Blades

Bosch steps it up with their latest ICON, Evolution and Clear Advantage Wiper blades!

For more than 75 years, motorists have relied on Bosch wiper blades for superior performance, the latest in design and technology, and more. Beam technology, dual rubber process, Quiet-Glide™ micro-finish wiping edge and DirectConnect™ one-step installation system are just a few of the reasons that motorists prefer Bosch Wiper Blades. Whether it's Bosch ICON, Evolution or Clear Advantage, you will see the clear difference through the rainiest season!

Wiper Blades

Tech Specs -

ICON - Up to 20% Longer Life Than Other Premium Blades

- Patented OE bracketless design for the cleanest most consistent wipe.
- Precision-tensioned dual steel springs for uniform pressure along the entire blade and long performance life.
- Exclusive formulated dual rubber compound with Quite-Glide micro-finish wiping edge for superior wiping performance and reduced chatter.

EVOLUTION - Patented bracketless technology for exceptional visibility in any weather

- Patented design of Bosch Evolution™ features dual precision-tensioned steel springs that distribute more uniform pressure along the entire length of the blade for exceptional all-weather visibility
- Uses air flow to increase blade-to-windshield contact Shields tension springs from all weather elements
- Exceptional performance in even the worst weather.
- Precision-cut, specially blended natural rubber wiping edge removes even the smallest droplets for clear visibility and safer driving Graphite-treated to reduce blade chatter.

CLEAR ADVANTAGE - Latest addition to Bosch's line of beam wiper blades

- Precision-tensioned mono steel spring applies uniform pressure along the entire blade length providing consistent wiping performance across the windshield.
- Aerodynamic wind spoiler improves airflow to create down force to protect tension spring from snow and ice build-up

DIRECT CONNECT - Precision-cut natural wiping edge for a clean wipe

- Removes the smallest droplets for a clear view and added safety.
- Exclusive zinc dichromate primer provides superior corrosion resistance.
- Aerodynamic all steel frame to maintain best blade contact at all speeds.

Applications Supported -

Available for top moving European, Asian and Domestic applications

Marketing Support -

- Display racks are available for little or no cost based on quantity purchase
- Signage for your place of business is available by request, while supplies last
